Why Do The Nations RAGE?

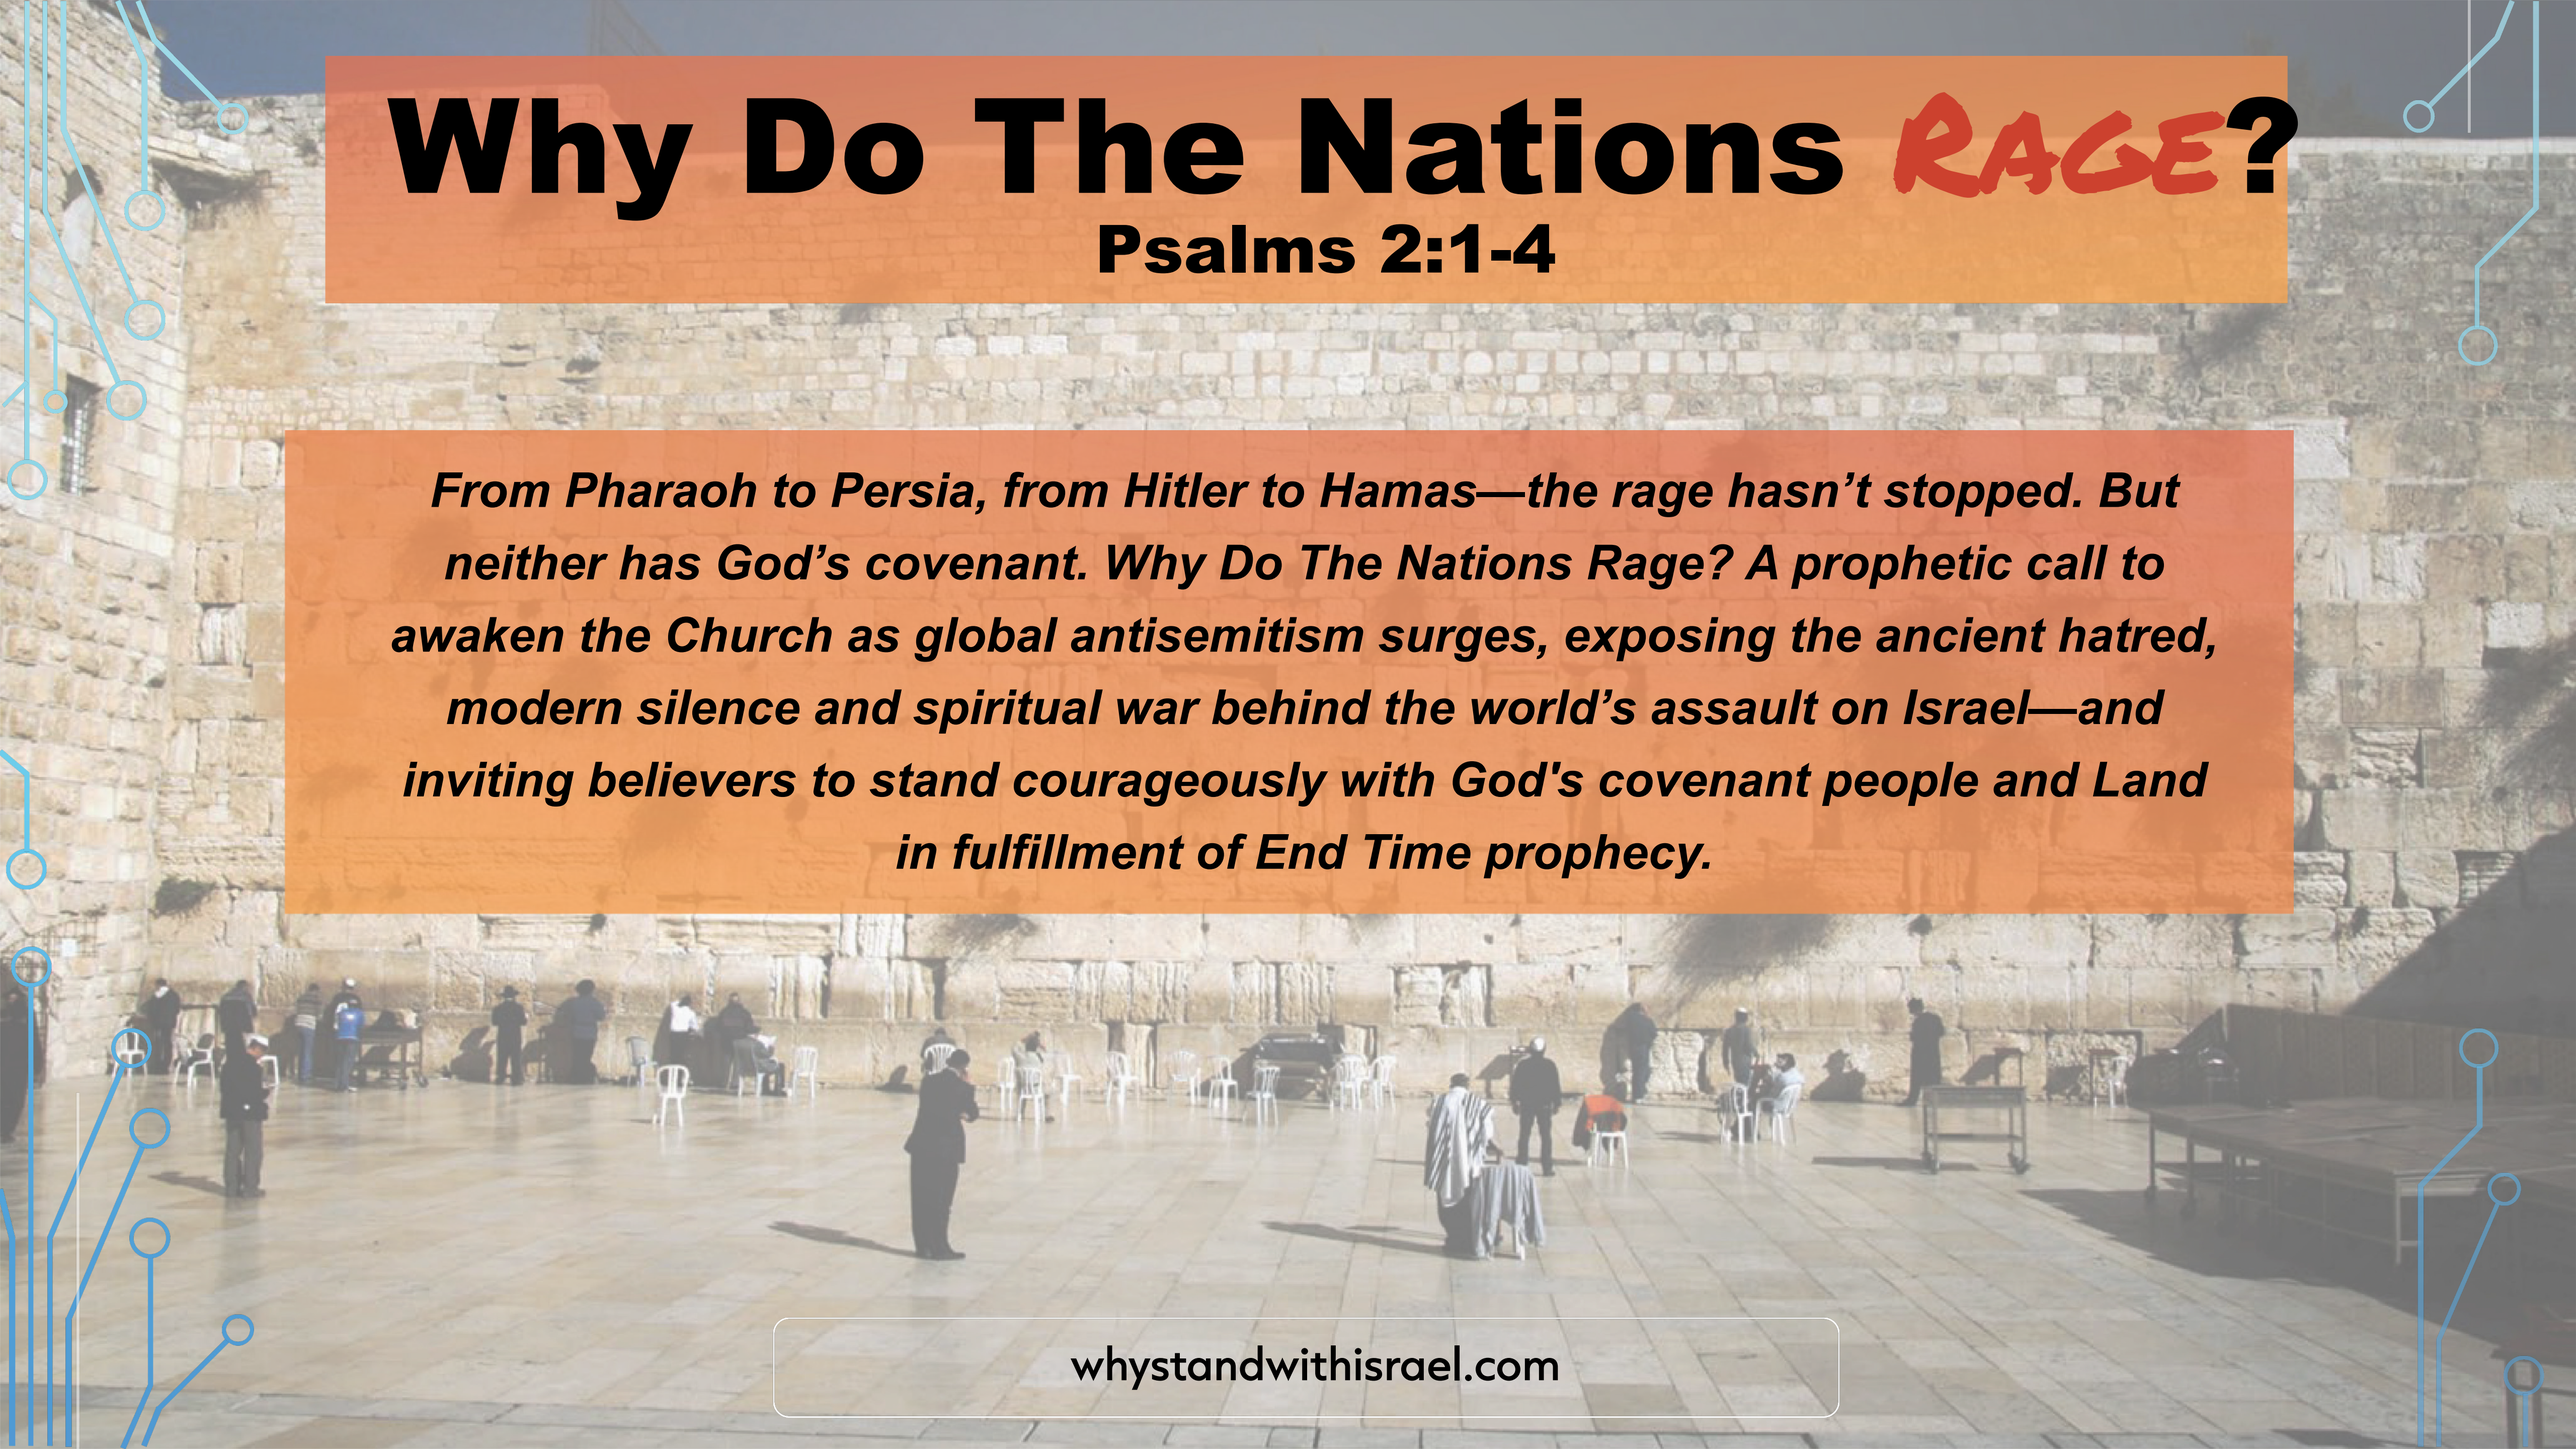

Psalms 2:1-4

From Pharaoh to Persia, from Hitler to Hamas—the rage hasn't stopped. But neither has God's covenant. Why Do The Nations Rage? A prophetic call to awaken the Church as global antisemitism surges, exposing the ancient hatred, modern silence and spiritual war behind the world's assault on Israel—and inviting believers to stand courageously with God's covenant people and Land in fulfillment of End Time prophecy.

THE WHY?

- The Global rise in ANTISEMITISM is increasing at a rate NOT seen since the Holocaust. It's practically dominating every society & industry.

- A Wave of Intensified Persecution against the Jewish people has BEGUN.

- There is widespread Biblical Illiteracy within the Church regarding Israel's central role in End Times Prophecy.

- As events continue to accelerate around Israel and the nations, we believe the Church needs this message now more than ever. Our desire is to complete and release the film as quickly as possible so it can help equip believers for the days ahead.

THE WHAT?

FILM TREATMENT (SYNOPSIS)

Since the days of Pharaoh, the Jewish people and the Land of Israel have endured relentless persecution—enslaved, scattered, murdered, delegitimized, and demonized.

From Babylon to Hitler, from the pogroms to October 7th, evil regimes have risen with one ultimate goal: to wipe Israel off the map and erase the Jewish people from history.
Yet the battle rages not just in the political and military realms, but in the spiritual.

***Why Do The Nations Rage?*, the second film i*n the Why Stand With Israel* Film Series, confronts the rising tide of antisemitism with biblical clarity and prophetic urgency.**
Psalm 2:1 is not just a biblical-prophetic question—
it is a present-day reality:

“Why Do The Nations Rage, and the people plot a vain thing?”

FILM TREATMENT (SYNOPSIS)

This film journeys from the ancient past to the present moment— tracing the spiritual roots of antisemitism, the demonic hatred behind every attempt to destroy God's covenant people, and the heartbreaking silence of the Global Church in the face of evil.

The Holocaust saw the Church mostly silent. October 7th— demonic in nature—proved that little has changed. Despite the undeniable connection between Yeshua (Jesus), the Jewish Messiah, and the Jewish people, large portions of the Church remain indifferent, even complicit, in the face of Israel's suffering.

How can this be?

FILM TREATMENT (SYNOPSIS)

Why Do the Nations Rage explores the questions few are asking but many are sensing:

- **Where did the root of antisemitism, anti-Israel sentiment, and Jew-hatred begin?**
- **Is the spirit of Haman and the Prince of Persia still at work today?**
- **Are we seeing an unfolding of Ezekiel 38, Psalm 83, Daniel 7-12, Joel 3:2 and Zechariah 12 before our ery eyes?**
- **Does history remind us of the Biblical consequences of coming against the Apple of God's Eye or attempting to divide His Land?**
- **Could we be witnessing a fulfillment of Jeremiah's vision of God's Fishermen and Hunters in this hour?**
- **Is the global rise in antisemitism and anti-Zionism laying the groundwork for the final prophetic alignments?**
- **How can the Church learn from the Sons of Issachar today when it comes to discerning the End Times?**

FILM TREATMENT (SYNOPSIS)

- What is the role of the Church, and why must Christians include Israel in their eschatology and worldview?
- Why the nations must understand the significance of Yeshua's judgment in Matthew 25 as it relates to their stance toward Israel.
- What is the prophetic significance of Aliyah in our generation—and how might Isaiah 49:22 call believers to action?

This film will also examine how some influential media personalities who profess Christianity are using their platforms to question whether believers should stand with Biblical Israel or modern political Israel, while promoting anti-Christian Zionist rhetoric that often blurs the line between legitimate political discussion and rejection of God’s covenant promises.

FILM TREATMENT (SYNOPSIS)

At the same time, the film will explore the highly debated direction of the Abraham Accords—asking whether they truly serve Israel's best interests or could potentially set the stage for something more prophetic, as Scripture warns of a coming false peace in the last days involving the Jewish people and the Land of Israel.

As universities, governments, city streets, and media outlets become battlegrounds of hatred, this film sounds a clarion call to the Church:

Wake up. Speak up. Stand up.

Why Do the Nations Rage is not just a film—it is a prophetic trumpet to this generation. It exposes the schemes of darkness, brings the Word of God into sharp focus, and calls believers to respond—not with fear or politics, but with faith, truth, and bold love for Israel and the Jewish people.

Because to stand with Israel in this hour is not political.

It is undeniably-Biblical.

And it is time.
